

SQUARE CAST / ROUND SPUN COLLARS, HANDHOLES, FINISHES AND OTHER PRODUCTS

SQUARE CAST ALUMINUM COLLARS FOR ROUND/SQUARE POLES

Two-piece interlocking cast aluminum collars are available with a natural aluminum finish or may be painted to match the finish of the pole. Available sizes are:

ROUND POLES

4", 4-1/16", 5", 6", 7", 8"

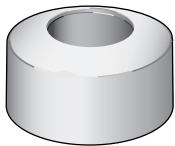

SQUARE POLES

4", 5", 6"

SPECIAL BASE POLES

Consult Valmont Industries

SPUN ALUMINUM COLLARS

One-piece spun aluminum collars are available for all round poles shown in the catalog. The 1100-0 alloy collars are spun from heavy duty .125" stock, making them damage and vandal resistant. When ordered with a lighting pole, the collars will be finished to match the pole.

HANDHOLES

Covered handholes are available for all round poles larger than 3" in diameter. Surface mounted covers are also available for 4", 5" and 6" square poles. Many poles already include a handhole but extra handholes may be desired for access to speakers, cameras or fixtures mounted in unusual locations. Consult Valmont Industries if larger handhole dimensions are required.

HANDHOLES, FINISHES AND OTHER PRODUCTS

ADAPTER PLATES

When existing anchor bolts don't fit the pattern for the replacement lighting pole, a variety of adapter plates are available. The adapter plate attaches to the existing bolts and allows for pole mounting on the correct bolt circle. Call for further information.

VIBRATION DAMPENERS

Vibration dampeners may be ordered with the pole and installed at the factory or they may be field installed at any time. Consult Valmont Industries for further information.

FINISHES AVAILABLE

All round poles are manufactured with a 100-grit rotationally polished "satin" finish and square poles with a longitudinally polished "satin" finish. Optional finishes are: 204 natural anodized (also called "clear" anodized), duranodic (color anodized) in 311 light bronze, 312 medium bronze, 313 dark bronze and 335 black, paint (polyester powder coat) in light bronze, medium bronze, dark bronze, black, new dark bronze, white, natural aluminum, sandstone, charcoal, gray, dark green, bright red, steel blue. Samples are available. Call for information on custom colors, textures or metallic paints.
